A "weak" prerequisite means that students can enrol for a course which has a weak prerequisite, but the requirements of the weak prerequisite course have to be met before a grade can be given for the other course.

*** The "Thesis Tutorial" course (BANA 3498) can not be taken in the same semester as the "Thesis" (BANA 5998).

**** Elective courses may have credit values other than 2 or 3, and such courses will also be accepted. 10 elective credits should be obtained in total.

***** North American Studies specialization module: Compulsory elective subjects 1 subjects (=3 credits) should be taken.

***** Irish Studies specialization module: Compulsory elective subjects: 2 subjects (=6 credits) should be taken.

***** North American Studies specialization module: For students who are not majoring in English, a C1 complex language exam in English will be recognized as equivalent to the basic exam (BANA 1999).

The credits and contact hours per semester may vary according to what subjects the student takes in the given semester.

Students with a Stipendium Hungaricum Scholarship are obliged to complete two courses in Hungarian as a foreign language during the first two semesters of their studies, and will have to take an examination at the end of the second semester. The credits given for these courses will constitute part of their credits in the elective courses block.

Students should aim to register for subjects worth at least 27 credits in each semester, as this will give them the chance to receive a stipend based on their academic results in the following semester.

The grade of the defended thesis will be entered into the Neptun system under the code BTKSZD 5998 (0 credits) by the Registrar's Office.

Students will be registered for BTKSZD 5998 by the Registrar's Office.
