

<i>Title and Code of Course:</i> ERPB-BPS1151 General Psychology 1. practice			
<i>Instructor's Name:</i> Eszter Horvath			
<i>Instructor's Email Address:</i> horvath.eszter.kre@gmail.com			
Credit Point Value: 6	Number of Lessons per Week: 2	Type of Course: Seminar <input checked="" type="checkbox"/> Lecture <input type="checkbox"/>	Method of Evaluation: Oral Examination <input type="checkbox"/> In-Class Presentation <input type="checkbox"/> Other <input checked="" type="checkbox"/>
Course Description:			
<p>The purpose of the course is to explore and learn about the basic psychological dynamics and laws based on self-experience.</p> <p>In this seminar the participants will get acquainted to the mechanism of perception, attention, pain and consciousness. By contributing to the experiments students will gain understanding of methods, problem phrasing and planning scientific research. This practice-oriented course helps them experience the general regularities of human behaviour.</p>
