Course Description:

The public sector is responsible for 40-50% of GDP redistribution in modern, western capitalist state. Its functions, operating and financing are broadly discussed domain as well as its structure in the space. This course aims to show guidelines and discussing points in base of literature and example. The course will touch problems related to good governance, efficiency, and effectiveness but also welfare and wellbeing.

The main topics are Public Sector Economy, Public Finance, Public Sector Geography, Good Governance.
