We will also look at some some issues, concerns novice teachers might have at the beginning of their career. Assessment: vocab tests, final test (the result of which is worth 2), reflective grid, micro-teaching sessions and a 300-350 word development report. Active participation at the classes as well as thorough preparation for them are also taken into account. Students are allowed to miss up to 3 occasions, no doctor's certificate is needed.</p>
