

**Title and Code of Course: ERPB-BPSA 0110 Anatomy and Neurology 1.**

**Instructor's Name:** Jakubovits, Edit PhD

**Instructor's Email Address:** jakubovits.edit@kre.hu

<b>Credit Point Value:</b> <b>6</b>	<b>Number of Lessons per Week:</b> <b>2</b>	<b>Type of Course:</b> <b>Seminar</b> <input type="checkbox"/> <b>Lecture</b> <input checked="" type="checkbox"/>	<b>Method of Evaluation:</b> <b>Oral Examination</b> <input type="checkbox"/> <b>In-Class Presentation</b> <input type="checkbox"/> <b>Other</b> <input checked="" type="checkbox"/>
--	---	---	---

**Course Description:**

The aim of the course is to teach the morphological structure of the human body and organ system with a functional point of view for tailors to needs psychologic students.

**Maximum absences during a semester:** Total number of acceptable absences: 3X45 min of the total lessons.

**Midterm assessment:**

**Aim:** to stimulate the continuous study and presence on the practices and lessons

**form:** Written mini revision tests every week (20 questions). **Method of assessment:**

0-49% failed (1); 50- 59% below average (2); 60-74% average (3); 75-89% good (4); 90-100 % excellent (5)

**Consequence:** the average results of the mini tests give a grade for the final exam.

**Form of evaluation: final test** (50 questions).

**Method of assessment:** the average grade of midterm tests + the result of final test. The grade of final test comes from the percentage of the correct points of the test:

0-49% failed (1); 50- 59% below average (2); 60-74% average (3); 75-89% good (4); 90-100 % excellent (5)
