Course Description:

The aim of this course is to improve students' general English language proficiency in two of the language skills: speaking and reading. The course also places considerable emphasis on vocabulary building (based on Modules 6-10 of the coursebook), and supports language development through occasional grammar and listening practice as well.

The exact requirements of the course (the number of written and oral tests and/or quizzes, presentations, etc.) are to be specified by the course instructor.
