**Course Description:**

Language Practice 2 is the continuation of the course Language Practice 1; however, it can be considered a stand-alone course (knowledge of the previous materials is not required). The course aims at improving students' general English language proficiency skills. Language Practice 2 focuses on vocabulary expansion, practice of advanced level aspects of grammar, training of speaking skills, and revising the material taught during the Language Practice 1 course. Language development is based on Modules 6-10 of the textbook "Pioneer", Level C1/C1+.

Assessment is based on:

- Active class participation (no more than **five** absences are allowed, illness included), preparation for each class (arriving on time, completing homework, completing reading assignments, bringing the coursebook to class): 10%
- 5 in-class tests, consisting of grammar and vocabulary tasks: 90%
