

**Certificate of Completion**  
for the performance of tasks under an engagement contract

Ref. No.:

**Principal:** Károli Gáspár University of the Reformed Church in Hungary

**Principal's organisational unit:**

**Contractor:**

**Contractor's name:**

**Description of the task:**

**Date of completion:**

**Place of performance:**

If there is a discrepancy between the quantity or the amount to be paid according to the contract and the certificate of completion, the reasons for this are:

| Identifier*   | Quantity | Unit of measurement** | Rate (HUF/unit) | Task (subject code, subject name, task) | Date of completion, duration | Amount of the engagement fee (HUF) |
|---------------|----------|-----------------------|-----------------|---|------------------------------|------------------------------------|
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
|               |          |                       |                 |   |                              |                                    |
| <b>Total:</b> |          |                       |                 |   |                              |                                    |
